CHRISTIAN UNIVERSITY

## **Mountain Mission School (MMS) Student Scholarship** **2023-2024**

### **Amount:**

- Recipients of the MMS Student Scholarship have been awarded a \$15,000 per year scholarship by The United Foundation. The MMS Student Scholarship, sponsored by MACU, will cover the difference. MACU will total the semester school bill (including tuition, room and board, and enrollment fees), apply the scholarship from The United Foundation (\$7,500 per semester), and then apply the MMS Student Scholarship. The MMS Student Scholarship is available for the duration of The United Foundation Scholarship (i.e., 8 consecutive semesters or until the student completes a bachelor's degree, whichever comes first).
- Students will be responsible for paying:
  - tuition above 18 credit hours
  - summer course tuition and fees
  - surcharge for a private room in a residence hall
  - lab fees, course materials (e.g., textbooks), other university service fees

### **Qualifications:**

- Recipients must have graduated from Mountain Mission School (Grundy, Virginia) within 24 months of their first semester at MACU.

### **Requirements:**

- Must be enrolled full time each semester in a degree seeking program
- Maintain a cumulative GPA of 2.5. (If a student drops below a cumulative 2.5 GPA for two consecutive semesters, he or she will no longer be eligible for the scholarship.)
- Students must live in university housing and be on the meal plan. Exceptions are made for married students who qualify for this scholarship.

### **Please Note:**

- Students are encouraged to seek out additional external scholarships that may be applied towards fees, course materials, and so forth. Students who are eligible to complete the FAFSA, are encouraged to do so. If a student qualifies for Federal or State grants, these funds would also be placed on the student's account to assist with miscellaneous fees and expenses.
- MACU will make 2 MMS Student Scholarships available each school year. At no time will there be more than 8 MMS Student Scholarships active in any given school year. Should more than 2 new students be interested in the scholarship for a school year, MACU will consider the request for an additional scholarship by taking into consideration the entire program and progress of existing students.
- A student accepting the MMS Student Scholarship is not eligible for any other MACU scholarships, including athletic scholarships.
