

Bring Your Own Device (BYOD) Requirements

In order to support a portable learning environment, every student is required to have a laptop on campus. **The minimum configuration requirements for any model laptop, whether or not purchased through the *Student Laptop Program*, are listed below.**

Requirements are updated every academic year.

Windows Desktop or Laptop	Apple Desktop or Laptop
<ul style="list-style-type: none">• Windows 7, 8.1+, or 10• Intel i5 Processor (or AMD equivalent)• 6GB+ RAM• 120GB+ HDD or SSD• 1GB+ DirectX11 Compatible Video Card• Broadband internet connection	<ul style="list-style-type: none">• OS X "Mavericks" 10.9+• Intel i5 Processor• 6GB+ RAM• 120GB+ HDD or SSD• 1GB+ Video Card• Broadband internet connection

Per University policy, **all desktops and laptops** are required to have antivirus installed; devices without anti-virus may be prevented from accessing the network.

Assistance with BYOD devices is available on a best-effort basis.

- Assistance with basic configuration and general questions regarding wireless connectivity, MACU account questions and email configuration will be provided by our IT Support Staff at no charge to students.
- Students will be referred to local repair facilities for all other repair requests.
